

Carriage of Pets by Air

I can confirm that I have presented the animal in an acceptable way for travel by air and that the animal has been presented in a container that:

- Is size suitable for the animal (allowing the animal to be able to turn 360 degrees).
- Provides for sufficient ventilation to the animal.
- Has suitable feeding/watering facilities for the duration of the flight.
- Is of an adequate construction that will not deteriorate through handling.
- Contains adequate handholds/lifting devices to facilitate handling and to prevent the handler from coming into proximity of the animal.
- Is leak / escape proof.
- Is presented at the airport clean.
- Contains sufficient absorbent material (Agricultural materials such as straw or hay cannot be imported to many countries so cannot be used).
- Is labelled with name, address and contact details of the owner.
- Is labelled with this way up stickers/marks.
- Has details affixed to the container, regarding any tranquilliser that may have been administered, i.e. time given, type of sedation, dosage and estimated duration.
